

Part No: TURHF-600M5600ML

High Pass Filter

电气特性 ELECTRICAL:

| Parameter                | Min.             | Typ. | Max. | Units |
|--------------------------|------------------|------|------|-------|
| Frequency range          | 600              |      | 5600 | MHz   |
| Insertion Loss           |                  |      | 1.8  | dB    |
| Pass band Ripple         |                  |      | 1.6  | dB    |
| VSWR                     |                  |      | 1.7  |       |
| Rejection                | >40dBc@dc-300Mhz |      |      |       |
| Power Handing            |                  |      | 2    | Watts |
| Operating Temperature    | -40              |      | +70  | °C    |
| Impedance                | 50               |      |      | Ohms  |
| Input / Output Connector | SMA-Female       |      |      |       |
